

What's Your Air Quality I.Q.?

1. When you gas up, don't _____ because it releases harmful gas vapors into the air, which cancels the benefits of anti-pollution devices on the pump.

- a) laugh b) burp
- c) top off the tank

2. Refueling during cooler periods of the day or in the evening can prevent gas fumes from heating up and creating _____.

- a) a monster b) a big stink c) ground-level ozone

3. By avoiding traffic jams and rush hour travel times, you can save money on gas and help reduce _____.
a) your chance of being bored b) your chance of looking goofy while singing along to the radio c) air pollution

4. The average commuter spends _____.
a) the best years of their lives in traffic b) too much time primping in the rearview mirror
c) almost 47 cents per mile including ownership and maintenance costs

5. New _____ are extremely fuel efficient and emit very few air pollutants, which contributes to cleaner air.
a) AAA batteries b) horse-drawn carriages c) hybrid electric vehicles

6. National experts estimate that fewer than 10% of _____ account for approximately 50% of passenger-vehicle-related air pollution.
a) hair spray bottles b) hot baths c) cars and trucks

7. Maintaining and repairing your car on a regular basis can improve gas mileage, extend your car's life, and increase its resale value. Repairing a polluting vehicle can significantly reduce _____, depending on its condition.
a) your chances of winning the lottery b) your yearly income c) your car's emissions

8. Properly inflated _____ can increase gas mileage and reduce air pollution.
a) egos b) balloons c) tires

9. A loose _____ on your car can release harmful gas vapors into the air.
a) goose b) screw c) gas cap

10. When you hit the road for a family trip, consider _____ to save money on gas and reduce air pollution.
a) walking b) traveling by covered wagon c) buying or renting a fuel efficient car

By refueling when it's cool, not topping off your gas tank, and using less gas you can make a big difference because —

It all adds up to cleaner air

ANSWERS: 1-10: c **SCORE:** One point for each correct answer. 8-10 points: Excellent! You're a bona fide Air Head. 5-7 points: Good! Your head's in the right place — the clouds! 1-4 points: Take a deep breath and start over. 0 points: Sorry, ozone zero!
